Using Sophos Enterprise Web Control Feature

To Enable the Web Control feature, open the Sophos Enterprise Console:

Expand the Web Control Policy.

Guide by Mark Lavers Page 3 of 3

Once applied, confirm the policy changes to your groups. -

Confirm Policy Changes	x
The policy "Default" is assigned to these groups:	
\Laptops \Servers \Workstations	
These contain a total of 27 computers. Do you want to continue?	
Do not show this dialog again OK Cancel	

The Enterprise console will then transfer the new policy to the endpoints.
