## elecworks<sup>™</sup> Tips & Tricks

## Navigateable Links in the Reports and Design Rule Checks

Within the *Reports* dialogue interface or the *Design Rule Checks* dialogue interface you can navigate to a wire, component or terminal that is listed within the specific report and where applicable.

On your current activated project, select the *Project* ribbon tab > *Reports* panel

By selecting either

or rule check a list of the reports that you have set will be displayed

A new column is shown on the right of the dialogues with the Goto symbol

You can navigate to the specific item by double clicking on the GoTo column as shown below

	Origin	Destination
1	<u>=F1+L1-K1</u>	=F1+L1-K2

elecworks will automatiucally open up the respective item and the dialogue will show

		Origin	Destination
1	$\checkmark$	<u>=F1+L1-K1</u>	=F1+L1-K2

sales@cadline.co.uk

Selecting a component mark as an example in a Components report will highlight the item in the Components dockable panel
